THE MAGIC OF YOUTH TOUR

BY SHELLY YORK

Magic? Really? Yes!

The electric cooperative Youth Tour traces its origins to a national electric cooperative annual meeting

in 1957, when then-Sen. Lyndon Baines Johnson said in his address to the crowd, "If one thing comes out of this meeting, it will be sending youngsters to the national capital where they can actually see what the flag stands for and represents."

And that is how Youth Tour was born!

In the following years, some Texas cooperatives sent groups of young people to Washington, D.C., to work during the summer in Johnson's office. In 1958, Iowa's electric cooperatives sponsored the first group of 34 young people on a weeklong tour of our nation's capital. By 1959, the "Youth Tour" had grown to 130 students. In 2025, there were nearly 2,000 student delegates and chaperones that made the annual Youth Tour pilgrimage to our nation's capital.

What's so magical about that, you ask?

- A movement like Youth Tour was hatched from a simple comment. To date, more than 50,000 young people have participated, and we never get tired of hearing how it truly is a trip of a lifetime!
- For the Iowa delegation, these 35-40 students meet in Des Moines for orientation without knowing each other. By the end of the week, we are a family of sorts, and many tears are shed when we must go our separate ways.
- The things we get to do and see in one week are truly remarkable (magical, if you will!). We experience and see the Arlington National Cemetery, all the monuments and memorials, the National

Iowa's 2025 Youth Tour participants.

Iowa's Youth Tour participants in 1958.

Mall, the U.S. Capitol, the Marine Corps Sunset Parade and more museums than we can count.

- After a week in D.C., regardless of your political views, you cannot help but come away with a better understanding of your role as an American citizen.
- Learning about the cooperative business model and the seven principles that guide Iowa's electric cooperatives is often an eye-opener for our student delegates. They leave Youth Tour with a much broader view of how co-ops support their community.

Do you know a high school student interested in history, leadership or public service? Youth Tour might be the perfect (or magical!) fit.

Next year's Youth Tour dates are June 14-20, 2026.

Look for more details about the trip from your local electric cooperative toward the end of the year or find more details at www.iowayouthtour.com.

Shelly York is the office manager and Iowa Youth Tour director for the Iowa Association of Electric Cooperatives.

EDITOR'S CHOICE CONTEST

WIN AN IGLOO ICE MAKER!

Convenient and compact in size, this Igloo Automatic Portable Countertop Ice Maker looks good on a countertop while producing ice for whenever or wherever you need it. Keep the 2.5-quart water tank filled and this unit will produce 33 pounds of ice in a 24-hour period – enough to keep drinks cold all day long.

Visit our website and win!

Enter this month's contest by visiting www.ieclmagazine.com no later than Aug. 31. You must be a member of one of Iowa's electric cooperatives to win. There's no obligation associated with entering, we don't share entrant information with anyone and multiple entries from the same account will be disqualified.

The winner of Blackstone propane griddle from the June issue was **Phil Stukenholtz**, a **Guthrie County REC** member-consumer.

LINEMEN RECOUNT FIRST-YEAR EXPERIENCES

It's been about a year since Guthrie County REC hired three new linemen, all of whom are just at the beginning of their careers and will spend the next few years completing their apprenticeships with our cooperative.

As apprentice linemen, Carter Drake, Jacob Estrada and Isaac Leighty must spend approximately four years under the supervision of our more experienced journeymen linemen, receiving both on-the-job and classroom training. Once they complete the apprenticeship, they may advance to become certified journeymen linemen as they advance their careers.

Though each of them is a graduate of the Northwest Iowa Community College Powerline Program, their paths to becoming linemen are different.

"I enjoy the physical and mental challenges and obstacles the job presents," Isaac said.

"My friends played a major role in my decision to become a lineman, and I wanted to do cool, hands-on work every day," Jacob said.

Isaac Leighty

"I find electricity interesting and was looking for a career where I could have a good income right away," Carter said.

The first year as a lineman, especially, is putting what they've learned in line school into real-life practice. They've improved their skills working with the equipment and each other as they become familiar with the cooperative business model and the services they provide to Guthrie County REC members.

"I previously worked for a municipal utility in a small town, and now working for Guthrie County REC, I enjoy seeing all the different areas that we serve and provide power to," Isaac said.

The cooperative's robust vegetation management program, for example, has improved Carter's skills with a chainsaw. He said he was surprised that trimming trees and vegetation

took more time and effort than he initially anticipated. Guthrie County REC prioritizes keeping vegetation in the co-op's right-of-way under control to help avoid any contact with overhead lines that may cause disruptions or outages.

"We're training the next generation of linemen and giving them the real-world experiences they will need to be successful in this trade," said Guthrie County REC Line Superintendent Josh Oltmann. "Relationships – both with our members and fellow linemen – are an important building block as well. We make sure they understand that we work for our members, and the brotherhood among our line crew is key to keeping everyone safe."

"So far, it's a blast," Jacob said. "I'm working on being a good visual learner so I can be a step ahead when it's my chance to perform the work."

YOUR BOARD OF DIRECTORS: ONGOING EDUCATION IS KEY TO EFFECTIVENESS

The nine Guthrie County REC members who make up the board of directors take their responsibilities leading the cooperative seriously. After all, as co-op members themselves, their decisions affect them, too.

As a member of the National Rural Electric Cooperative Association (NRECA), Guthrie County REC participates in NRECA director education courses that build on the commitment and dedication that co-op directors bring to their important roles. Whether they are new or experienced, these learning opportunities equip our directors with the resources they need to fulfill their responsibilities and the trust placed in them by their communities.

Levels of leadership learning

There are three levels of leadership certificates available, each requiring successful completion of online and in-person coursework. The first part of the three-part Director Education Program guides participants through basic governance knowledge and prepares directors to fulfill their fiduciary duties as elected officials serving on behalf of the membership. These courses include:

- Understanding the Electric Business
- Board Operations and Process
- Strategic Planning
- Financial Decision-Making

Once completed, directors earn the Credentialed Cooperative Director (CCD) Certificate.

The second part of the program is best for those who have served on the co-op board for a few years. The Board Leadership Certificate (BLC) fills in information gaps and goes deeper into emerging challenges such as risk management and ratemaking. To attain the BLC, directors must have earned the CCD and successfully completed 10 additional credits of coursework. Classes focus on understanding bylaws, policy development, ethics and political engagement.

The final part of the program is the Director Gold Credential. This distinction demonstrates to their fellow board directors and communities their commitment to staying at the forefront of the energy industry and being a leader in the vitality of their community. To earn this distinction, directors must have already earned their CCD and BLC and take an additional three credits of coursework. They can maintain their Director Gold status by completing three credits of coursework every two years.

"We are proud to say that each of our directors has attained some level of distinction by completing these educational programs," said Guthrie County REC Board President Steve Bireline. "With as fast as the energy industry is changing today, it's imperative our directors anticipate, and know how to mitigate, challenges in ways that are in the best interest of our co-op members. By successfully completing these educational programs, our directors show they are committed to the betterment of our co-op, our communities and our future."

Below is a list of Guthrie County REC board members, their position, the year they were elected, and the NRECA credentials they have attained to date.

Steve Bireline, District 6, president – First elected in 1997; CCD (2007)

YOUTH LEADERS VISIT NATION'S CAPITAL

BY ANN FOSTER THELEN

Search for **Iowa Youth Tour** on Facebook or Instagram to see the group's recent adventures from 2025.

"The sights were truly amazing and the people even more so."

Miah Bugher, Southern Iowa Electric Cooperative

"Going to Washington, D.C., was like stepping onto Aladdin's magic carpet for the first time; it really is a whole new world."

Annabelle Baggett, Guthrie County REC

"Because of my opportunity to attend the Iowa Youth Tour, I have been able to make lifelong friendships and have many doors open for my future. This has truly been one of the best experiences of my life!"

Lilly Morey
Iowa Lakes Electric Cooperative

"This trip was some of the most fun I've ever had. I made so many new friends and learned a lot about co-ops. I think everyone should apply for the trip because it will really open your eyes to the impact you and the co-op as a team make on the world around you."

Joseph Thielen
Raccoon Valley Electric Cooperative

Iowa's locally owned electric cooperatives have been sending high school students to Washington, D.C., every June since 1958! This year, 35 high school students and six chaperones representing Iowa's electric cooperatives journeyed to the nation's capital for the National Rural Electric Cooperative Association's 2025 Youth Tour.

On the weeklong tour, students learned about electric cooperatives, American history and U.S. government and walked away with a greater understanding of their role as an American citizen. They participated in National Youth Day, visited with their elected legislators and explored the sights around the nation's capital.

Earlier in the year, students applied for the trip through their local electric cooperatives. The Iowa students joined students from co-ops around the country for the national Youth Tour.

RECIPES

BLACK BEAN SALSA

- 1 can black beans, drained and rinsed
- 1 can corn, drained
- ½ cup green pepper, diced
- ½ cup red pepper, diced
- ½ cup red onion, diced
- ¼ cup jalapeño pepper, diced
- 2 tablespoons red wine vinegar
- ¼ cup extra-virgin olive oil
- ¼ teaspoon ground cumin
- salt, to taste
- pepper, to taste

Mix all ingredients and chill. Canned black beans can be substituted with boiled fresh black beans. Serve with your favorite tortilla chips or enjoy on a fresh garden salad.

SUPER EASY DAIKON RADISH PICKLES

- 2 pounds Daikon radishes
- 1 cup sugar
- 2½ tablespoons white vinegar
- 2½ tablespoons salt
- optional: jalapeño or dried chili pepper

Wash radishes well and cut off leaves and roots. Slice in ½-inch pieces with the skin on, then cut into sticks. Put radishes and remaining ingredients in a food bag and shake to mix. Soak in a refrigerator for 1-2 days, occasionally turning the bag upside down. Celery, turnips, tomatoes and onions would also be delicious. Serves 6

Erina Westphal • Guthrie Center
Guthrie County Rural Electric Cooperative

CUCUMBER RELISH

- 2 teaspoons salt
- 9 cups cucumber, sliced
- 2 cups sugar
- 1 cup vinegar
- 1 cup green pepper, chopped
- 1 cup onion, chopped
- 1 teaspoon celery seed

Pour salt over cucumbers and set for 1 hour. Pour off brine and discard. Dissolve sugar in vinegar. Add all ingredients to cucumbers. Keeps in fridge for months and freezes well in smaller containers.

Karen De Boer • Sioux Center
North West Rural Electric Cooperative

GARDEN GAZPACHO

- 6 medium tomatoes, chopped
- 2 cucumbers, cored
- ½ red onion
- ¼ cup fresh parsley
- 2 teaspoons garlic, minced
- 1 tablespoon lemon juice
- 2 tablespoons sugar
- ½ teaspoon coarse salt
- a few dashes hot sauce
- sour cream

Mix tomatoes, cucumbers, onion, parsley, garlic, lemon juice, sugar, salt and hot sauce in food processor, leaving it a bit chunky. Serve chilled and topped with a dollop of sour cream. Serves 6

Barb Sowers • Fredericksburg
Butler County Rural Electric Cooperative

GARDEN-FRESH BRUSCHETTA

- 2 tablespoons olive oil
- 1 loaf French or Italian bread, cut into ½-inch slices
- 4 medium Roma tomatoes, seeded and diced
- ¼ cup red onion, diced, optional
- 2 tablespoons fresh basil, chopped
- 1 teaspoon wine vinegar
- 1 clove garlic, minced
- 1 teaspoon parsley, minced
- salt, to taste
- pepper, to taste
- ¼ teaspoon red pepper flakes, optional
- Parmesan cheese, optional

Lightly brush olive oil on one side of bread. Place bread on ungreased baking pan, oil side up. Bake at 350 degrees F for 15 minutes or less. Combine the remaining ingredients, adding parmesan if desired. Use a slotted spoon to top bread pieces with tomato mixture. Serves 14

Sandra Lacey • Danbury
North West Rural Electric Cooperative

BUBBLE AND SQUEAK

- 3 potatoes, unpeeled
- 3 slices bacon
- 4 cups cabbage, shredded
- ½ medium yellow onion, sliced
- 1 zucchini, grated
- ¼ cup ham, chopped
- salt, to taste
- pepper, to taste

Cut potatoes into bite-sized pieces and boil. Once cooked, smash slightly. Chop and brown bacon, reserving fat. Gently mix potatoes, cabbage, onion, zucchini, bacon, ham, salt and pepper. Heat bacon grease in a non-stick skillet, add the mixture and stir so it is coated with grease. Cover and cook until the cabbage and onion are tender. Remove lid and brown on medium heat, stirring occasionally. Once browned to your liking, remove from heat and serve. Serves 4-6

GARDEN CASSEROLE

- 1 cup onion, sliced
- 1 pound ground beef
- 1 green pepper, chopped
- 1 cup celery, chopped
- 1 cup carrots, diced
- 4 large, firm tomatoes, quartered
- ¾ teaspoon salt
- ½ teaspoon pepper
- 1 tablespoon brown sugar
- 3 cups seasoned mashed potatoes
- 2 tablespoons butter, melted
- parsley springs, for garnish

Lightly brown onions and beef. Add green pepper, celery, carrots, tomatoes, seasonings and brown sugar. Simmer 20 minutes. Pour into a 2-quart casserole dish and top with mounds of fluffy mashed potatoes. Brush lightly with butter. Bake at 350 degrees F for 30-45 minutes, until golden brown. Garnish with sprigs of parsley. Serves 6-8

GARDEN-FRESH DILL PICKLE SALAD

- 4 large radishes
- 3 scallions
- 1 large carrot
- ¼ cup dill pickles, sliced
- 1 cup cucumber, peeled, seeded and diced
- ¼ cup pumpkin seeds
- romaine lettuce, chopped
- 1 ripe avocado
- ½ cup dill pickle juice
- ½ cup canned coconut milk
- ¼ cup parsley, chopped
- 2 garlic cloves, minced or ½ teaspoon garlic powder
- 1 tablespoon fresh thyme leaves or 1 teaspoon dried thyme leaves
- ½ teaspoon salt
- ½ teaspoon onion powder

In a food processor, add radishes, scallions, carrot and pickles. Pulse into combined, small bite-sized pieces. In a medium bowl, add cucumber and pumpkin seeds. Line four serving bowls with lettuce and top with a ½ cup vegetable mixture. In a blender, combine avocado, dill pickle juice, coconut milk, parsley, garlic, thyme, salt and onion powder. Serve avocado dressing over salad. Serves 4

SHINE THE LIGHT CONTEST NOMINEES ANNOUNCED

The Touchstone Energy® Cooperatives of Iowa are driven by our commitment to community.

To celebrate local volunteers, the Shine the Light contest returned for a fifth year and received 88 volunteer nominations during June, the second highest number in the history of the contest! This year's entries came from 27 Iowa electric co-ops and one municipal utility served by Central Iowa Power Cooperative. Employees and member-consumers of Iowa's locally owned electric cooperatives were invited to nominate someone who makes a positive difference in their community.

Three winners will be awarded a \$3,000 donation to their charity or community organization of choice and will be featured in next month's issue. Please join us in celebrating these nominees for their outstanding commitment to community. Learn more at www.IowaShineTheLight.com.

SPACK ACCOMPANIES VETS ON LOCAL HONOR FLIGHT

Guthrie County REC Line Foreman Jalen Spack was among 24 support staff, also known as “guardians,” on board when the Brushy Creek Area Honor Flight took off from the Fort Dodge Regional Airport May 7.

The flight included three Korean War-era veterans, five peacetime veterans between the Korean and Vietnam Wars, and 112 Vietnam-era veterans. This flight was special because it was taken between the 50th anniversary of the end of the Vietnam War – April 30, 1975 – and the 80th anniversary of the end of World War II in Europe – May 8, 1945.

Honor Flights are a national nonprofit program dedicated

to transporting U.S. veterans to Washington, D.C., to visit the memorials dedicated to their service. Donations support the expenses, allowing veterans to participate free of charge.

As a guardian, Jalen attended to the needs of the veterans to make them as comfortable as possible during the long trip.

“It was a long day, but we saw almost all of the monuments in D.C., and we heard lots of great stories of how amazing everything was along the way,” Jalen said. “It was as much a humbling experience for us as it was for the veterans. It was a long day, but well worth the time.”

BAGGETT RETURNS FROM YOUTH TOUR TRIP TO D.C.

Annabelle Baggett of Elk Horn is back from her weeklong trip to Washington, D.C., with the 2025 electric cooperative Youth Tour.

Annabelle was selected and sponsored by Guthrie County REC to represent the cooperative on the trip that included 34 other student leaders representing electric cooperatives across Iowa.

“The trip was amazing; I loved every minute of it,” Annabelle said. “My favorite place we visited was the Holocaust Museum, which was very educational. The design of the interior really made everything feel so real to me, something videos and pictures could never accomplish. Everything was so educational, I just loved learning more about everything D.C. had to offer. Thank you so much for helping to make this trip possible!”

SUMMER PEAK EFFICIENCY TIP

Here's a simple way to help beat the peak! When the dishwasher is full and ready to run, wait to start it just before bed, when energy demand is lower.

Other things you can do to help reduce strain on the grid – and your electric bill – when demand for electricity is high:

- ✓ Newer dishwashers may have a timer to delay the start of the wash cycle. Just set it and forget it!
- ✓ Skip the heat-dry cycle and allow dishes to air-dry naturally.
- ✓ Use the energy-saving (or “eco”) cycle to conserve energy and water.
- ✓ Regularly clean the dishwasher filter to ensure it operates at its best.
- ✓ Avoid overcrowding the dishwasher to ensure proper water circulation and cleaning.

COOL SAVINGS: REFRIGERATOR AND FREEZER EFFICIENCY TIPS

BY MIRANDA BOUTELLE

When exploring ways to be more efficient with refrigerators and freezers, we often find ourselves balancing convenience with energy conservation. While you can upgrade to newer equipment, care and equipment habits can be just as important to saving energy.

Here is some guidance on equipment energy use, including tips to keep your current equipment running efficiently and ways to limit overuse of refrigeration in our homes.

The U.S. Department of Energy (DOE) helps us understand what to look for in our existing equipment and new appliances. Generally, the larger the refrigerator, the more energy it uses. The most efficient models are typically 16 to 20 cubic feet in size. Models with the freezer on top tend to use less energy than bottom freezers or side-by-side units. A refrigerator 15 years or older uses about 35% more energy than an ENERGY STAR®-certified model.

Let's explore some tips to keep your refrigerator running efficiently.

Keep it organized. One of the biggest issues with refrigerator energy use is opening the door or keeping it open. An organized fridge makes food items easier to find, minimizing open-door time and keeping cold air inside. Place items in the same spots so they are easier and faster to find. I tell my kids to take a quick look inside at the options and close the door while they are deciding what to eat.

Keep it clean. Regularly cleaning the gasket – the flexible strip around the perimeter of the fridge door – ensures a tight seal between the door and the unit, keeping cold air inside. If the gasket is not sealing tightly, it should be replaced. Removing and cleaning the vent at the bottom of the

unit can help with airflow. For the coils at the back, use an extended cleaning brush instead of moving the fridge, which can cause injury.

Keep food safety in mind. The DOE recommends setting your refrigerator temperature between 35 and 38 degrees F and your freezer at 0 degrees F.

If you have a second refrigerator or freezer, consider the following three tips to help you save energy.

1 Do you need it plugged in year-round? Perhaps you can keep it empty and unplugged for part of the year. Maybe you only really need it during the holiday season. Unplugging it for the months you aren't using it will save

energy, and you'll still have it as a backup when you need it.

2 If you are a hunter or buy meat in bulk, set a goal to empty your freezer before you restock. This allows you to avoid food waste and unplug the extra appliance when it is not needed.

3 Consider the location. Keeping the second fridge or freezer in a cool basement versus a hot garage requires less energy.

Practicing basic cleaning and proper food storage is an easy way to improve the efficiency of your refrigerator and freezer.

CELEBRATING IOWA'S CENTURY, HERITAGE FARMS

BY DARCY DOUGHERTY MAULSBY

Sometimes people ask me where I developed my love of Iowa history. I suspect part of it came from growing up on my family's Century Farm in Calhoun County.

My great-grandfather Charles Dougherty paid \$93.75 an acre in 1909 for this 160-acre farm between Lake City and Yetter. I always thought it was pretty neat that the farmhouse we lived in pre-dated the Dougherty family, as did the barn. Both had been owned by an Irish Catholic family named Sheehy who lived there sometime between the 1890s and 1903.

I'm grateful that this 160-acre farm, along with two other farms in Elm Grove Township, have stayed in my family for 100-plus years. All have received the Century Farm award. This inspiring program began in 1976 as part of America's bicentennial celebration. Since the program started nearly 50 years ago, more than 20,000 Iowa farms have been recognized.

The keepers of history

Through the years, my work as an ag journalist has taken me across Iowa to hundreds of Century Farms and Heritage Farms (which have been owned by the same family for 150 years or more). One thing is clear – the stories that survive depend on the keeper of the history. For the Wulkow family, that keeper of the history was Ernest Wulkow (1885-1979). He was born on his family's Sac County farm southwest of Lytton.

"In 1960, Ernest handwrote many pages of memories in a notebook," said Barbara (Wulkow) Gregory, his granddaughter, who still lives on the farm. She and I had a great visit this spring when I stopped by to interview her.

These stories are often sobering. Just five years prior to Ernest's birth, his father Carl Wulkow purchased 100 acres of Coon Valley Township

Katherine Dornath Cook and her family, who own a Humboldt County Century Farm, attended the award ceremony during the 2024 Iowa State Fair.

land in 1880. To say times were tough is an understatement.

"When I was seven years old, I had to start work in the field," wrote Ernest, who received a fourth-grade education before he had to start working full-time. "My first job was to drag with two horses and a two-section drag after seeding oats, walking all day. Then when I came in at night, I had to chore till dark, then eat supper, then to bed."

Sometimes Ernest's father sent him out to cut wild hay. "We had lots of ponds in them good old days, and the grass was 5 feet long around the pond. I had to keep on cutting till I got up to the water. Then my sickle would ball up. I just had a 'mell of a hess' to get out of it."

Sacrifices transcend generations

It's almost hard to imagine, isn't it? For many Century Farm and Heritage Farm families, the sacrifices and hard work of earlier generations aren't taken for granted. Just ask Brett Ludwig, 36, whose ancestor Martin Ludwig, purchased 80 acres of Carroll County land from the Iowa Railroad Land Company in 1874.

"You wonder how many people along the way helped make this farm what it is," said Brett, who raises crops and hogs on his family's Kniest Township farm. "It's cool to think about all the lives this farm has touched."

Katherine Dornath Cook, whose family owns a Century Farm in Norway Township in Humboldt County, understands this sentiment.

"My kids think this farm is special enough to have talked me into getting a family tattoo," she said. "We each have a tattoo of the farm's coordinates as a reminder that no matter where we are in the world, we will always know where home is."

Truly, there's no place like home, especially when that home is a Century Farm.

Do you have a Century Farm or Heritage Farm? If so, I'd love to hear about it. Contact me at yettergirl@yahoo.com.
